

COMPANY OVERVIEW

CommandTec is a Professional Services company headquartered in Huntsville, Alabama. The Small Business Administration (SBA) certifies CommandTec as an **8(a)**, Economically Disadvantaged Women-Owned Small Business (EDWOSB), Service-Disabled Veteran-Owned Small Business (SDVOSB), and HUBZone.

At CommandTec, we pride ourselves on our small business agility and a culture of extreme accountability. Combined, these two qualities provide our clients with solutions that increase efficiencies, minimize cost, and decrease mission risks, as demonstrated in our support of 190+ commercial clients that we guide and support in obtaining ISO and CMMI process improvement certifications.

CORE COMPETENCIES

Information Technology

Provide full-lifecycle IT support, including system administration, hardware and software installation, network troubleshooting, Active Directory management, and responsive help desk services.

Cyber Security

Provide cybersecurity services supporting risk management, security control implementation, assessment, authorization, and remediation of information systems.

Communications (C5I)

Provide engineering, operations, and sustainment support for secure and non-secure C5I communications enabling mission-critical voice and data connectivity in CONUS and OCONUS environments.

Administrative & Business Support

Provide administrative and business support services, including contract management, financial tracking, acquisition support, and documentation development.

Operations & Logistics

Provide end-to-end operations and logistics support, including supply chain management, equipment lifecycle oversight, deployment coordination, and compliance support.

Education & Training

Design, develop, and deliver instructor-led and technology-enabled training programs supporting workforce readiness through classroom, online, and deployable instruction.

Security

Provide physical security services protecting personnel and facilities through access control, monitoring, patrols, and incident response.
